

DIVING STANDS

Spectrum Diving Stands

Standard towers are designed for 14' or 16' diving boards at either 1 or 3-meter heights. Each tower includes the pedestal, adjustable fulcrum, ladder, and railings. **FOB Factory.**

NOTE: Anchors are sold separately

16 13 62	22133	3M Side Ladder 1.5 or 1.9 Rails	\$POR
16 13 63	22170	Anchor	\$POR

Durafirm Short Stands

Durafirm short stands are designed for installation on concrete platforms typically built at the pool by your contractor. The short stand is suitable for one meter or three meter platforms. Railing configuration will depend on railings built on the platform. Short stands can be supplied with no railings, railing one side only or both sides as required for your application.

Fulcrum units identical to the one and three meter stands and they use a six-point anchor pattern. Anchors included.

Item No	Description	Price
16 10 03	Short Stand - 2 rails, 2 sides	\$7495.00
16 10 04	Short Stand, no rails	\$4335.00

Note: Diving boards are sold separately from stands & are not included in stand prices.
