Rope Hooks-Economy

These hooks are chrome plated cast brass. They capture the rope end and lock it in with a cross bar held down by two screws. Rope must be sealed to prevent unravelling so the hook will stay on. Works well with nylon or poly ropes which are sealed with heat.

Item No	Description	Price
18 02 10	3/8" Rope hook PH-52	\$19.25
18 02 11	3/4" Rope Hook PH-53	\$20.85

ROPE FLOATS

One piece oval blue and white plastic floats

Item No	Description	Price
18 03 01	3" x 5" x 1/2" blue and white float	\$2.70
18 03 02	5" x 9" x 3/4" blue and white float	\$5.40

MINI LANE DIVIDER KIT

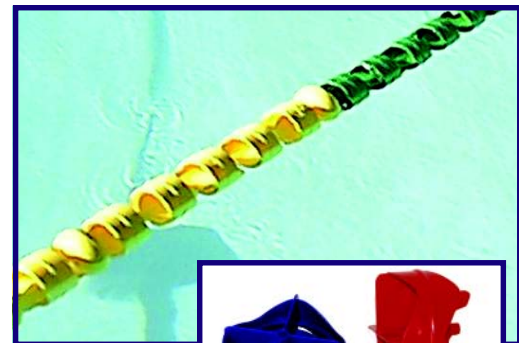

Anti Wave Minis - excellent pool dividers

Anti's Minis are unique, there are no other dividers like these! They are ideal to divide pool space for program needs. They look like miniature racing lanes and are both more effective and much more professional looking than the typical divider solution of ropes with floats every few feet.

Standard colors are red, blue, white, yellow, and green and the standard pattern is 5 meters solid color at each end with alternating colors between (for 25 meter mini). You may specify any pattern and mix of colors that works well for the application. Add a tension spring item (see above) to keep the line taut.

Item No	Description	Price	Set (6+)
20 03 02	25 Yard Unassembled	\$325.00	\$305.00
20 03 03	25 Meter Unassembled	\$345.00	\$320.00
20 03 04	50 Meter Unassembled	\$685.00	\$639.00

Other lengths available on request.
