

COMMERCIAL LADDERS

Standard 25" Frame Ladders

These are commercial pool grade ladders that will stand up to heavy-duty use. Ladder frames are fabricated of 1.90" O.D. x .065" wall, 304 stainless steel tube with mirror finish. Upper ends of ladder frames are fixed to the pool deck with 2 anchor sockets on 20" centers. In stock set backs from wall of pool are 25", 27", 30", 36" and custom set backs are available if necessary to match your existing anchor locations.

Our ladders include unbreakable HDPE treads with a permanent non-skid surface built in.

For specific applications where heavily used ladders require extra durability upgrade to a heavy-wall ladder. A tubing wall of .109 or .145 will stand up to the most demanding applications.

Note: Anchor sockets for deck and escutcheon trim pieces are not included in ladder pricing please order separately. See below. **FOB Factory**

Model No Description - 1.9" OD, 0.065 wall

Model No	Description - 1.9" OD, 0.065 wall	Price
36178-25-065	2-step 25" ladder- Cross braced	\$758.25

Grab Rails by Spectrum

Grab Rails are deck mounted, 304L grade stainless steel handrails for use when the pool steps are embedded in the pool wall. In wall steps and removable Grab Rails are most commonly used in pools with bulkheads. These Handrails are normally sold in pairs, and come in 4 standard configurations to suit almost any deck style. Handrails can be 1.9"OD or 1.5"OD, and wall thickness can vary depending on the rigidity required. With the different designs and different setbacks almost any deck can be accommodated. Custom designs available. The four standard styles are shown below. **Price on Request.**

SPECTRUM BURBOT GRAB RAIL

SPECTRUM COHO GRAB RAIL

Handrails, for Stairs, by Spectrum

Handrails are normally used on stairs down into shallow pools like Hot Tubs or Teach pools. They can be used on either side, or one in the centre. They are all 304L SS and can be 1.9"OD, or 1.5"OD, with wall thickness varying depending on rigidity required. All four styles are available in 48" and 60" lengths, and the 2 and 3 Bend models also come in 72" lengths. Custom dimensions are also available. The four standard styles are shown below. **Price on Request.**

SPECTRUM 2 BEND HAND RAIL

SPECTRUM 3 BEND HAND RAIL

SPECTRUM KOKANEE HAND RAIL
