

## AQUATIC BASKETBALL

Floating Basket Ball Game  
Well built, soft EVA foam, **ball not included with game. - FOB Factory.**

Item No	Description	Price
14.1810	Floating Basketball Game	\$152.60

## Splash & Slam Basketball

Splash & Slam is new and offers features not available with other basket ball games. It is the most durable basketball system we have seen.

The base is heavy-duty polypropylene and is designed to hold 500 pounds of water for stability. The best feature is that Slash & Slam is designed with a safety release mechanism on the rim; rim and backboard pivot downward if a player attempts to hang from the rim, virtually preventing tip over.

Backboard is fabricated from impact resistant structural fiberglass (toughest backboard we've seen) and the rim is vinyl coated stainless steel.

Backboard/rim assembly is easily adjustable in height with out tools. Rim height ranges between 24" to 72" over the water making the game easily adjustable to suit various program age groups.

Footprint on deck is 30"wide by 35" depth.

Optional volleyball add-on provides an extra base and pole with a net and all needed attachments.

**FOB Factory.**
