PAC FAB Triton II Sand Filters

Pac Fab's Triton fibreglass filters are rated for public pool use and are easily adaptable to multi unit installations. Tritons are commonly used on Whirlpools, Tot Pools, and smaller Institutional Pools. This filter offers the best price point for a fibreglass commercial filter. Key advantages of Triton Filters include it is a proven filter (with thousands of installations in place), parts are readily available (and reasonably priced), and Tritons are straight forward to work on. Filters are supplied complete, only the filter media needs to be ordered separately.

Specification sheets are available. Pac Fab also makes 'commercial' and 'heavy-duty" (C) versions of the Triton.
