## AQUATIC BELTS

### AquaJogger Belts

The belts feature a contoured design which features a wider area of foam positioned against the lower back for support. The belts comfortably suspend the body in the water at shoulder-level, allowing the security and freedom to perform a variety of workouts in both deep and shallow water.

Belt adjusts to fit sizes 19" to 48". The belt includes an easy to operate quick release buckle.

#### THREE MODELS:

**ACTIVE BELT** - constructed of firm EVA foam, supplied with elasticized belt option.

**CLASSIC BELT** - the original AquaJogger patented design is made of multiple thin layers of EVA foam for flexibility and great comfort.

**SHAPE BELT** - longer design distributes buoyancy more evenly. Designed for fuller figures and people with back problems. Modified arch keeps a person more vertical in water.
